

WCMRC On-Road Championship Series Rules

These rules have been updated as of 14th January 2019.

1. The series will be run over multiple rounds as per the published calendar with each driver's three worst round results dropped from the final championship points tally.
2. Race format will be two qualifying runs and three final runs per round.
A minimum of two qualifying rounds completed on a rain-affected day (when not classified as a rain cancelled day) will be counted as a valid round and points will be awarded according to the results of the two qualifying runs.
Rain cancelled days will not be rescheduled and are completely discarded. A rain cancelled day cannot be counted as a dropped round for any driver.
3. Classes offered will be: TC Modified, TC 13.5 Stock, TC 21.5 Sportsman, F1, 1/8E, 1/12th 13.5 open and Pro 10.
A Novice class and all other classes will be offered on each race day, subject to satisfying the minimum number of driver's rule, but will not be eligible for trophies.
Cross-entry between all classes are allowed. Running of classes may be combined at race director's discretion but points will be awarded to drivers of each class separately.
4. Championship points are awarded to participating and eligible drivers for each completed round of the championship. For a driver to be eligible for points to be awarded for a round, the driver must have participated in a minimum of one run of the round.
Points will be awarded to a class with a minimum of 3 drivers.
Twenty points are awarded to 1st place of the combined results and one less point is awarded to each subsequent place getter (that is, 1st – 20 points, 2nd – 19 points, etc).
Results calculation is in accordance with RCRA racing formats: The Best Qualifier of the two qualifying rounds counts for qualifying positions; combined results of the best two of the three finals count for final positions.
Dropped rounds are not used as a count-back in a tie-break situation between two or more drivers. Tie-break situations are determined by the fastest time of the result of a round that is not classed as a dropped round.
One bonus point is awarded to the Top Qualifier of each class.
5. Prizes awarded per class (except for Novice Class) at the conclusion of the championship are: Trophies for positions 1st to 3rd, and Medallions for positions 4th to 10th.
To be eligible for trophies/awards at least 40% of the rounds counted must be competed in.
6. Racing is run according to RCRA rules and/or club rules as appropriate.
